
2022-23 ACADEMIC COURSES

ABR 111 : INTRO. TO AUTO BODY REPAIR

This entry level, self-paced course will focus on preparing students for a career in the automotive collision repair industry. Through the use of training modules, students will learn industry standard repair procedures, damage assessment, and proper tool selection to aid in the repair of collision damaged automobiles. Additionally, students will be introduced to the automotive finishing process and provided with hands-on training for body panel repair and alignment, plastic welding and MIG welding.

Level I Prereq: Academic Reading and Writing Levels of 6
