
2022-23 ACADEMIC COURSES

ABR 119 : THE ART OF METAL SHAPING

This course will introduce the student to the working of sheet metals by hand. In addition to skillful handling of tools, it is necessary for the students to possess a thorough knowledge of the properties and behavior of materials in order to ensure that they move in the desired direction when worked. Areas of study will include sheet metal shaping using hand tools over wood forms, anvils, and sand/shot bags. Students will create several handmade parts using a variety of sheet metal materials with varied thickness and hardness.

Level I Prereq: Academic Reading and Writing Levels of 6
