

2024-25 ACADEMIC COURSES

ABR 121 : AUTOMOTIVE ESTIMATING

In this course, students develop skills in repair estimation associated with collision damaged vehicles. Skills acquired will include handwritten estimation along with the use of software specifically developed for the auto body repair industry. Damage assessment, parts compilation, calculation of repair costs, and refinishing information are some of the topics that will be covered. The title of this course was previously Estimating and Shop Operations and this course contains material previously taught in ABR 113.

Level I Prereq: Academic Reading and Writing Levels of 6; ABR 123 or ABR 124, minimum grade "C"
