
2023-24 ACADEMIC COURSES

ABR 123 : TECHNICAL AUTO BODY REPAIR

In this course, students will explore all aspects of body panel modification including fender sectioning, door skinning and outer panel replacement. In addition, students will use specialty equipment such as a hydraulic ram to demonstrate basic bumping techniques. Students will learn sheet metal welding and cutting processes as well as how to correctly set up and use a frame straightening machine. Emphasis is placed on quality, craftsmanship and excellent work habits.

Level I Prereq: Academic Reading and Writing Levels of 6; ABR 111 minimum grade "C"
