

# 2024-25 ACADEMIC COURSES

## ATT 111: INTRODUCTION TO AUTO BODY REPAIR

In this course students will learn industry standard repair procedures, vehicle damage assessment, and proper tool selection to aid in the repair of collision damaged automobiles. Students will also be introduced to the automotive finishing process and provided with hands-on training for body panel repair and alignment, plastic welding and MIG welding. This entry level, self-paced course will focus on preparing students for a career in the automotive collision repair industry. This course was previously ABR 111. Level I Prerequisite: Academic Reading and Writing Levels of 6

**Level I Prereq:** Academic Reading and Writing Levels of 6

Description	Hours
