

2023-24 ACADEMIC COURSES

BMG 275 : BUS AND SUPPLY CHAIN ANALYTICS

This course introduces students to a structured and logical approach to problem solving and decision making in business and supply chain situations. Students will have hands-on work using standard problem solving and decision-making tools, including the Excel data analysis tools. While gaining this extensive Excel hands-on experience, students also explore the challenges associated with data driven decision making.

Level I Prereq: Academic Reading and Writing Levels of 6
