

## 2021-22 ACADEMIC COURSES

### CSS 200 : INTRO TO NETWORK SECURITY

In this course, students learn the fundamentals of network security. Topics to be covered include understanding security measures and threats, techniques and tools for testing and securing systems, legal and ethical issues, basic intrusion detection and incident response methods. Many of the topics required for the CompTIA Security+ certification will be covered. This course helps students prepare for the CompTIA Security+ Certification. The student is expected to have a basic knowledge of Linux, Windows, working at the command line of any operating system and networking.

**Level I Prereq:** Academic Reading and Writing Levels of 6; Academic Math Level 1
