
AUD 175 : AUDIO RECORDING TECHNOLOGY

In this course, students will be introduced to digital audio workstations using the nationally recognized Avid Pro Tools audio production software. Students will learn basic navigation and workflows used in the Avid Pro Tools system. This is the first course in a two course series that prepares students to take the Avid Pro Tools online exam for certification. This course was previously MUS 175 Audio Recording Technology (Pro Tools Certification).

Level I Prereq: Academic Reading and Writing Levels of 6; AUD 170 minimum grade "C", may not enroll concurrently
