
2024-25 ACADEMIC COURSES

ECD 101: CHILD DEVELOPMENT

In this course, students receive an overview of growth and development of young children from birth through age eight. It includes areas of physical, language and communication, math and science, and social emotional development. Child development theory, theorists and current research on executive function and brain development are also examined. This course was previously CCP 101.

Level I Prereq: Academic Reading and Writing Levels of 6
