

2021-22 ACADEMIC COURSES

ENG 208 : TECHNICAL WRITING-PRINT DELIV

In this course, students learn how to manage, design, write, and edit technical documentation. At the beginning of the project, students create a project plan, schedule, and design template that will guide them through the writing and editing phases of their project. The final document (3,000 word min.) will be published in PDF format. In addition, students research a current issue in the field of technical communication. At the end of the course, students create an electronic portfolio to showcase their work. The title of this course was previously Technical Writing II.
