

2021-22 ACADEMIC COURSES

ENV 199 : ENV INTERNSHIP EDUCATION

In this course, students gain skills through an approved environmental science work experience. Students will have obtained a work experience position in order to register for this course. Together with the instructor and the employer, students establish learning objectives to connect classroom learning with career-related work experience. This class does not meet in person regularly. Most communication is via e-mail with some in-person meetings with the instructor required.

Level I Prereq: Academic Reading and Writing Levels of 6; Academic Math Level 2; ENV 101 and ENV 105, minimum grade "C" ; consent required
