
2022-23 ACADEMIC COURSES

EWA 120: BLUEPRINT READING

The course teaches students how to identify line types, use of drawing tools, and techniques used in creating blueprints. Students also study drafting scales, electrical symbols, mechanical symbols, and job specifications to prepare them for transferring written information into the physical installation of complete electrical systems. Limited to IBEW 252 Apprentices.

Level I Prereq: Academic Reading and Writing Levels of 6
