

2023-24 ACADEMIC COURSES

GDT 106 : ILLUSTRATOR GRAPHICS

This course covers the fundamental tools and techniques for the vector drawing software Adobe Illustrator. Lectures, demonstrations, exercises, and publication projects prepare students for basic software proficiency in the current version of the software. Students enrolling in this course should be proficient in the use of desktop/personal computers. Students enrolling in GDT computer-based courses should be proficient in basic desktop computer operations. This course contains material previously taught in GDT 139.

Level I Prereq: Academic Reading and Writing Levels of 6

Description	Hours
Credits	3
