
2022-23 ACADEMIC COURSES

GLG 100 : INTRODUCTION TO EARTH SCIENCE

In this course, students will gain a basic understanding of the major branches of Earth science, including geology, hydrology, and meteorology. It is designed to develop an awareness and appreciation for these geosystems and their important interrelationships, as well as an understanding of the scientific approach to problem-solving. This course will include an overview of both local and global environmental problems as well as a discussion of possible solutions.

Level I Prereq: Academic Reading and Writing Levels of 6
