

## 2023-24 ACADEMIC COURSES

### GLG 110 : GEOL NAT'L PARKS & MONUMENTS

In this course, students will be introduced to the fundamental geological processes and concepts that created the parks and monuments of the United States. The course will explore the various geologic features through time, preserved by the National Park Service, with a focus on the interconnectivity and evolution of various systems that led to these geologic formations.

**Level I Prereq:** Academic Reading and Writing Levels of 6; Academic Math Level 2
