

2021-22 ACADEMIC COURSES

HSC 124 : MEDICAL TERMINOLOGY

In this course, students are presented with a comprehensive study of the origins and building blocks of medical terminology. Students divide medical terms by studying prefixes, combining forms and suffixes. In addition, common abbreviations and drugs are explored. The organization of body systems, disease states, and the definitions of useful diagnostic and procedural terminology are discussed to treat human body diseases.

Level I Prereq: Academic Reading and Writing Levels of 6
