
2021-22 ACADEMIC COURSES

HSC 256: HEALTH CLINICAL EXPERIENCE

In this course, students will explore the health environment and function as a member of the health team by participating in a supervised, unpaid clinical placement in a variety of medical, public health or healthcare facilities. Students will apply their skills in communication, health terminology and budgeting to support a community partner and improve health outcomes using evidence-based practice. In addition, students will prepare documentation related to the health environment. Students who have experience working in a healthcare setting may request credit for this course through a portfolio evaluation.

Level I Prereq: Academic Reading and Writing Levels of 6; BIO 109 or BIO 111; ACC 111 and ECO 222

Description	Hours
