

2021-22 ACADEMIC COURSES

HVA 201 : ENERGY AUDITS

This course prepares students to conduct an energy audit on residential, commercial, industrial structures and HVAC systems. Students gain an understanding of the current energy, building, and HVAC standards put out by organizations such as ASHRAE and the U.S. Green Building Council's "LEED" program. Students will also be introduced to topics such as commissioning, ducts loss, building air infiltration, heat recovery, thermal storage and energy waste elimination.

Level I Prereq: Academic Reading and Writing Levels of 6; HVA 101 and HVA 103, minimum grade "C"

Description	Hours
Credits	4
Lecture Hours	45
Clinical Hours	0
