MST 112: ADVANCED POWDER COATING

In this course, students are exposed to more complex techniques used in the powder coating process. Advanced powder coating is a multiple layered coating process that is an alternative to custom painting. Students will further develop skills in tooling, media and procedures used to powder coat by applying them to larger components. Color matching, powder coating step-by-step process identification and proper media selection for specific applications will be discussed. Level I Prerequisite: Academic Reading and Writing Levels of 6; MST 106 minimum grade "C"

Level I Prereq: Academic Reading and Writing Levels of 6; MST 106 minimum grade "C"
