

## 2022-23 ACADEMIC COURSES

### PSY 206 : LIFE SPAN DEVELOPMENTAL PSYCH

In this course, students are provided with an overview of the biological, cognitive, social and affective domains of human growth and development from the prenatal period until death. The course emphasizes the relationship of growth and development to behavior through the life span. Major theories of human development, as well as research methods, are reviewed and contrasted. The course is especially constructed and taught to be of value to those entering the fields of social work, elementary or secondary education, or nursing and various allied health fields.

**Level I Prereq:** Academic Reading and Writing Levels of 6
