## 2024-25 ACADEMIC COURSES

### SCI 101 : THE NATURE OF SCIENCE

---

In this course, students will learn the importance of the natural and physical sciences to everyday life. The emphasis is on science as a way to evaluate the validity of scientific information in the media and on the Internet. The goal is for students to apply the basic laws, concepts, and themes that underlie our natural world in order to place important public issues such as the environment, energy and medical advances in a scientific risk assessment and risk management context. Level I Prerequisite: Academic Reading and Writing Levels of 6
