

# 2024-25 ACADEMIC COURSES

## UAS 222 : CONST SUPER IV:CONSTRU PROJECT

In this course, students examine stakeholders of the construction project and their relationship to each other. Students will become familiar with the basic function of a construction project and how the activities performed contribute to the overall profitability and health of a project as a whole. In addition, students will gain practical and operational supervisory skills specifically in the areas of planning, organizing and leading construction projects. Limited to active members of articulated union building trade apprenticeship programs. Level I Prerequisite: Academic Reading and Writing Levels of 6; Admission to Construction Supervision program and UAS 122

**Level I Prereq:** Academic Reading and Writing Levels of 6; Admission to Construction Supervision program and UAS 122
