## 2023-24 ACADEMIC COURSES

### UAS 222 : CONST SUPER IV:CONSTRU PROJECT

In this course, students examine stakeholders of the construction project and their relationship to each other. Students will become familiar with the basic function of a construction project and how the activities performed contribute to the overall profitability and health of a project as a whole. In addition, students will gain practical and operational supervisory skills specifically in the areas of planning, organizing and leading construction projects. Limited to active members of articulated union building trade apprenticeship programs.

**Level I Prereq:** Academic Reading and Writing Levels of 6; Admission to Construction Supervision program and UAS 122
