

2021-22 ACADEMIC COURSES

UAT 238 : METHODS OF TEACH DOWNHILL WELD

In this course, students will develop methods of teaching the techniques for downhill welding that can be used at local Training Centers. Students will review procedures in joint preparation, coupon alignment, and welding of large diameter pipe in both classroom and lab environments, according to the United Association Shielded Metal Arc Weld (UA-1 SMAW) Weld Certification requirements. They will also discuss best methods of student demonstrations for classroom instruction. Limited to United Association program participants.

Level I Prereq: Academic Reading and Writing Levels of 6
