
2023-24 ACADEMIC COURSES

UAT 249 : METHODS IN TEACHING ARC WELDIN

In this course, students will identify and review arc welding techniques and practical applications used to develop a welder training program. Students will incorporate online learning resources and visual training aids for classroom and hands-on demonstrations. They will identify welding theory, available equipment, electrode AWS (American Welding Society) classifications, process definitions and selection. The title of this course was previously Methods in Teaching Arc Welding. Limited to United Association program participants.

Level I Prereq: Academic Reading and Writing Levels of 6
