
2021-22 ACADEMIC COURSES

UAT 292 : PIPEFITTING LAYOUT

In this course, students will be introduced to the 57 ¼" method for pipefitting layout. Students will demonstrate layouts of simple, rolling, and mitered fittings along with odd angle fittings and laterals, all without using math. Students will also be able to lay out precise pipe angles of nozzles/o-lets on tanks and vessels as well as utilize the Pipe Trades Pro Calculator in pipefitting layout. Limited to United Association program participants.

Level I Prereq: Academic Reading and Writing Levels of 6
