## 2021-22 ACADEMIC COURSES

### UAT 362 : VALVE REPAIR RECERTIFICATION

---

In this course, students will identify maintenance procedures and hydraulic torquing for pneumatic control valves and pressure seal valves. Students will disassemble, inspect, and reassemble valves according to procedures in a hands-on environment. In addition, students will navigate other resources such as 3-D imagery DVDs and the online Quality Systems Manual website to identify documentation and certification resources for use at their local Training Centers. The title of this course was previously Valve Repair Recertification. Limited to United Association Instructor Training program graduates.

**Level I Prereq:** Academic Reading and Writing Levels of 6
