
2024-25 ACADEMIC COURSES

VID 200: LIGHTING FOR VIDEO

In this course, students gain hands-on experience with lighting for video through the exploration and application of multiple lighting effects. Areas covered include manipulation of light using filters, color temperatures and white balance and use of lighting equipment. Safety procedures as well as many other topics consistent with improving the ability to communicate more effectively using lighting in video are discussed. The title of this course was previously Lighting.

Level I Prereq: Academic Reading and Writing Levels of 6; VID 125 minimum grade "C"
