

2024-25 ACADEMIC COURSES

WAF 110: IRONWORKER ORIENTATION/SAFETY

In this course, students will be introduced to the history of the Ironworkers Union, basic safety information, terminology and hands-on experience needed to start working as an Ironworker. Areas of study will include personal protective equipment (PPE) use, scaffolding safety, fire watch procedures, OSHA 30, Subpart R, CPR, first aid and power tool safety specific to the Ironworker trade. All the information covered in this course is developed from the Ironworker Orientation Manual. This course is required for the Ironworkers Pre-Apprenticeship Certificate. Level I Prerequisite: Academic Reading Level 3; Academic Writing Level 2

Level I Prereq: Academic Reading Level 3; Academic Writing Level 2
