
2023-24 ACADEMIC COURSES

WAF 139 : BASIC METAL FABRICATION

In this course, students are introduced to the principles and practices of metal fabrication and the proper and safe use of various pieces of metal fabricating equipment. Students will apply fabrication techniques of drafting and print reading, layout, assembly, tacking and welding to manufacture basic metal projects. This course contains material previously taught in WAF 227.

Level I Prereq: Academic Reading and Writing Levels of 6; Academic Math Level 1; WAF 105 and WAF 106, minimum grade "C"; or WAF 125 and WAF 126, minimum grade "C"

Description	Hours
Credits	3
