

2024-25 ACADEMIC PROGRAMS

AUTOMOTIVE TEST TECHNICIAN (APATT)

Associate in Applied Science

In this program you will learn about the exciting technology-filled world of data acquisition processes used in automotive testing. You will learn the skills to fabricate and instrument-testing systems used for transportation development. You will utilize Washtenaw Community College's updated facilities to learn about technology rich topics such as chassis dynamometer testing and carbon fiber part construction. The skills you will acquire from this program will launch your career in one of our region's many research and development facilities.

This is a **high demand, high skill** and **high wage** program as defined by the [Michigan Community College Network](#).
