

2024-25 ACADEMIC PROGRAMS

CONSTRUCTION SUPERVISION (APCNSP)

This program gives apprentice and journey-level members of the articulated union building trade apprenticeship programs the opportunity to apply their training and experience toward an associate in applied science degree in construction supervision. In addition to the courses in construction supervision, students will complete general education courses and receive nontraditional credit for their work experience and apprenticeship.

This associate in applied science degree requires fewer general education classes than the associate in science degree.

All of the classes—both the construction supervision classes and the general education classes—are entirely online. They provide the ultimate in convenience, since you never have to set foot on campus.

This is a **high demand, high skill** and **high wage** program as defined by the [Michigan Community College Network](#).

Program is also available online

Description

This program gives apprentice and journey-level members of the articulated union building trade apprenticeship programs the opportunity to apply their apprenticeship training and trade-related experience toward an associate's degree in Construction Supervision. In addition to the courses in Construction Supervision, students will complete general education courses and receive prior learning credit for their work experience and apprenticeship.

Students must complete an apprenticeship program concentration in plumbing, pipefitting, HVAC, sprinkler fitting, ironworking, bricklaying, tile setting or other approved union building trade. Upon completion of this, students should apply for non-traditional credit evaluation of their apprenticeship experiences to meet the apprentice program concentration requirement (19-26 credits).

Admissions Requirements

The program is only open to active members of articulated union building trade apprenticeship programs.

Course Requirements**First Semester**

Class	Title	Minimum Credits
UAS 111	Construction Supervision I: Motivating Employees	3
	Math Elective(s)*	3
	Writing Elective(s)	4
	Union Approved Apprenticeship	5
Total		15

Second Semester

Class	Title	Minimum Credits
UAS 122	Construction Supervision II: Supervisory Skills	3
UAS 210	Construction Supervision III: Legal and Personnel Aspects	3
	Arts/Human. Elective(s)	3
	Speech/Comp. Elective(s)**	3
	Union Approved Apprenticeship	3
Total		15

Third Semester

Class	Title	Minimum Credits
UAS 222	Construction Supervision IV: The Construction Project	3
	Nat. Sci. Elective(s)***	3
	Soc. Sci. Elective(s)	3
	Union Approved Apprenticeship	6
Total		15

Fourth Semester

Class	Title	Minimum Credits
UAS 230	Construction Supervision V: Scheduling and Project Management	3
	Elective to reach 60 credit minimum	3
	Union Approved Apprenticeship	9
Total		15

Total Credits Required: 60**Footnotes**

* UA students may use APP 113 Math for Pipe Trades (3 credits)

**UA students may use UAT 210 Public Speaking (1.5 credits) and UAT 213 Planning, Teaching and Assessing Effective Lessons - Advanced (1.5 credits)

*** UA students may use SCI 102 Applied Science (3 credits)
