## 2024-25 ACADEMIC PROGRAMS

### HEALTH CARE FOUNDATIONS (CTHCF)

---

#### Certificate

Acquire the basic knowledge and skills in math, foundational sciences, healthcare terminology and general education courses. This certificate fulfills major pre-admission requirements for:

- Nursing
- Pharmacy Technology
- Physical Therapist Assistant
- Radiography
- Surgical Technology
- General education requirements for an associate degree in applied science

Upon completion, you'll earn a certificate to show they've completed most general education and/or pre-admission course requirements for in-demand health care associate degree programs.

This is a **high demand** program as defined by the [Michigan Community College Network](#).
