

2024-25 ACADEMIC PROGRAMS

HEATING, VENTILATION, AIR CONDITIONING, AND REFRIGERATION - RESIDENTIAL (CTHVRR)

Certificate

This certificate program prepares students for entry-level jobs in:

- HVAC contracting and servicing companies;
- Hospitals, schools and other public institutions; and
- Apprenticeships in large manufacturing plants and supply houses.

In these commercial, residential, or institutional settings, students combine their diagnostic and repair skills with customer relations skills to service heating, ventilation, and air conditioning equipment. This program gives students knowledge and opportunity to become EPA certified by taking 608 licensing exam.

This is a **high demand, high skill** and **high wage** program as defined by the [Michigan Community College Network](#).
