

2024-25 ACADEMIC PROGRAMS

HEATING, VENTILATION, AIR CONDITIONING AND REFRIGERATION - COMMERCIAL TRADE (CVHVCT)

Advanced Certificate

This advanced certificate program is a capstone to HVAC-Residential Certification, and is designed for students who wish to develop skills in HVACR mechanics or installation. It prepares the student for industry-recognized certification for entry-level employment in commercial heating, ventilation and air conditioning. Additional theory and hands-on experience will increase students' knowledge base concerning HVACR systems at the commercial level. The student will develop knowledge and skills in sizing, layout, installation, maintenance, and troubleshooting HVACR equipment.

This is a **high demand, high skill** and **high wage** program as defined by the [Michigan Community College Network](#).
